Final- Qualification

For the four 50m or 100m events, there is an overall ranking. Points are calculated based on the current FINA Short Course table. The top five-point scorers in each class qualify for the individual medley finals. In the event of a tie, the best individual performance in the 200m/400m freestyle decides.

Joker-Rule:

If a swimmer is disqualified in one of the four 100m events (Schüler 1) or 50m events (Schüler 2 and 3), they may swim the event again at the end of the third competition segment. The FINA points earned in this swim are used solely for potential final qualification and do not affect individual rankings. A club representative must apply to use this rule immediately after the event in which the disqualification occurred. The organizer will schedule the swim. The Joker is void if the swimmer is disqualified a second time or if there is unsportsmanlike manipulation.

Age groups

Born in 2010 + 2011	Schüler 1	female and male
