Final- Qualification

For the four 100m events, a combined ranking will be established; for the Schülerklasse 4 (students' class 4), the ranking is based on the four 25m events. Points are calculated according to the current World Aquatics Short Course Table. The top five athletes per class qualify for the individual medley final. In the event of a tie in points, the best single performance determines the ranking.

Withdrawal deadline and cancellation fee

If the withdrawal deadline for the final (**15 minutes after event 25**) has passed and the athlete does not appear at the start or does not compete in the final, a cancellation fee of **€55** will be charged.

Joker-Rule:

If a swimmer is disqualified in one of the four 100m events (Schülerklasse 1–3) or 25m events (Schülerklasse 4), they are allowed to re-swim the event at the end of the third competition session. The World Aquatics points achieved in this re-swim are used solely for potential qualification for the final and have no impact on the individual event ranking.

A club representative must request the use of this rule from the announcer or event management immediately after the event in which the disqualification occurred. The heat will be scheduled by the organizer. In the case of a second disqualification or unsportsmanlike manipulation, the joker is forfeited.
